

Notes Law of Sines (angles)

Name: _____ Date: _____ Period: _____

Learning Target: _____

Law of Sines:

Example 1: Use the law of Sines to find x .Example 2: Use the law of Sines to find x .Example 3: Use the law of Sines to find x .Example 4: Use the law of Sines to find x .

Practice 1: Use the law of Sines to find x .

Practice 2: Use the law of Sines to find x .

Practice 3: Use the law of Sines to find x .

Practice 4: Use the law of Sines to find x .

Show me you know it:

1. What is the difference between using law of sines to solve for a side and using it to solve for an angle?

2. How do you know if you can use the trig ratios or if you have to use the law of sines?
